Collecting information

Whilst the majority of information applicants provide to us is mandatory, some of it is provided to us on a voluntary basis. In order to comply with the General Data Protection Regulation, we will inform applicants whether they are required to provide certain information to us or if they have a choice in this. Benton Park School collects and records personal data from a variety of sources, but mainly directly from the applicants. Applicants will usually provide this information directly to Managers, Human Resources or through participation in the recruitment processes, emails or through verbal information which may be recorded electronically or manually.

We may also obtain some information from third parties: for example, references from a previous employer, medical reports from external professionals, information from tax authorities, where we use CAPITA to carry out DBS checks or occasionally from students.

In some circumstances, data may be collected indirectly from monitoring devices or by other means (for example, visitor registers, monitoring systems, CCTV, telephone logs and email). In these circumstances, the data may be collected by the school or a third party provider of the relevant service. This type of data is generally not accessed on a routine basis but access is possible. Access may occur, for instance, in situations where the school is investigating possible breaches of School Policies. More frequent access to such data may take place as part of our digital monitoring software.

Apart from personal data relating to applicants, they may also provide the school with personal data of third parties, notably referees. Before applicants provide such third party personal data to the school you must inform these third parties of any data which you intend to provide to the school and why the school will process this data.
