We are located in Rawdon, on the outskirts of Leeds City Centre and we work amongst a vibrant and supportive local community. We have high standards and expectations for all members of our school community and we work hard to provide support and challenge to enable these to be achieved. We pride ourselves on treating each and every one of our students as an individual and the excellent climate we have created for great learning, success and opportunity enables our students to achieve their full potential.

Information about our school

We are a Local Authority maintained school situated to the North West of the vibrant and diverse city of Leeds in the North of England. We are oversubscribed and have recently increased our pupil admission number to 300 per year to meet local demand. We have very supportive families and work with numerous local primary schools including areas such as Rawdon, Yeadon and Calverley.

We have benefited from a £28.5 million investment in our premises and we are very proud of the state-of-the-art facilities and equipment we are able to offer our students and staff. We are also proud of our successful Sixth Form. The move to our new premises has allowed us to create a bespoke Sixth Form centre and we have invested heavily in the refurbishment of it to ensure it is an inviting place to study and learn.

We are on a journey to ensure that every student achieves their full potential at Benton Park. In October 2023, Ofsted rated us as a school requiring improvement with the sixth form rated as good. We have a robust plan to continue our improvement journey to reattain our good status and beyond. We are looking for a talented and committed individual who shares this drive to support us on this journey.

Our vision of 'Creating a Climate for Great Learning, Success and Opportunity', drives every aspect of our work. We are happy to be innovative as we work to realise our vision and have recently changed our school day to allow for a broad and balanced curriculum at all key stages. We know that success is more than just great outcomes however, and central to this is supporting students to consider their next steps at the end of their seven-year journey with us. The work we do with students also focusses on developing the skills our students need to encompass our school values. Our Personal Development Curriculum, which also includes our Aspiration for All Programme, and our student leadership development opportunities, have a regular focus on mental health and wellbeing, an aspect that we know is extremely important in supporting all young people.

Celebrating success is incredibly important to us and we always seek to reward our students for going above and beyond in any aspect of their school life. We have a positive rewards culture and enjoy sharing in our students' successes. Our philosophy is that a busy student is a successful student and to support this we offer a wide and varied range of extra-curricular opportunities. This includes a range of lunchtime and after school clubs as well as trips and visits both in the UK and abroad. We also run a hugely successful Duke of Edinburgh scheme.

Further details about our school, including all aspects of our curriculum design can be found at www.bentonpark.org.uk and in the school's Prospectus available [here](#)

This is identified through our Learning Journeys and Progression Models, which are available through our website. Our curriculum intent, which permeates all our work with students both in and out of the classroom, is to promote a love of learning by providing an environment in which all students can succeed, whatever they aspire to do. We place high value on the breadth, acquisition, retention and application of knowledge and we actively develop opportunities to enrich and bridge gaps in cultural knowledge.

Teaching and Learning at Benton Park

I Do, We Do, You Do

Our teaching model is built around Rosenshine's Principles of Instruction and follows I Do, We Do, You Do. Teachers ensure that they model excellence before scaffolding and guiding students to produce the best quality work possible. This enables students to then produce outstanding work during their independent practice.

Learning Journeys and Progression Models

All of our teaching is built around our Learning Journeys and Progression Models. We believe that students should 'master' their learning and, in doing so, know and remember more. Our subject areas have developed high-quality and effective Learning Journeys and Progression Models to support this and ensure there are opportunities for immediate and effective feedback. This is supported by our feedback policy where we prioritise live marking and whole-class feedback.

Subject Specialism

We use every opportunity to connect students with subject specialists both inside and outside the school. This helps us to offer students the chance to see their learning through the eyes of experts and to experience learning which has been developed and delivered by specialists.

Professional Development

Developing our staff is incredibly important to us. All staff have access to professional development across the school calendar and we build our CPD offer into our school day. We believe that the best professional development is not a one-off event but a process. To support the development of teaching across the school we use Teaching Walkthrus. Many of our staff also access external courses including NPQs.

Learning Habits and Routines

At Benton Park, we build our teaching around some crafted routines to support teaching and learning. We explicitly teach these to our students to ensure that learning time is maximised and that transitions are effective. We pride ourselves on support all learners, including our most vulnerable, having access to the highest quality support through these habits and routines.

Reading

Reading, and literacy, form central pillars of our approach with students. Students have the opportunity to be read every morning to develop their reading and also their cultural capital. We expect every member of our School community to talk in full sentences at all times to support our drive for improved oracy and, subsequently, literacy levels.

BENTON PARK SCHOOL

'Creating a climate for great learning, success and opportunity'

Knowledge Organisers

Students in Years 7-10 have access to knowledge organisers which are a key tool in lessons and form the basis of our home learning offer. Subject specialists have identified the key knowledge across our core subject offering and these are practised regularly both in Morning Meetings, the start of lessons through the Quick 6 and finally through the daily, centrally-set, home learning.

Morning Meetings

Morning Meetings are a key part of our school day. They allow year groups to come together where senior leaders and other key staff are able to communicate clearly our vision and values whilst developing students recall of key knowledge. Students also complete maths practise daily and finish their Morning Meeting sessions with reading. At this time, staff work in faculties in CPD.
